As many of you know, I'm currently suing Clearview. They have been dumping attorneys left and right but now it appears that Ronald A. Giller is Clearview's new attorney. Giller has a longstanding relationship with Rudy Giuliani.

Richard Schwartz, who cofounded Clearview with me, was very close to Rudy Giuliani.

Giller was also Giuliani's "research director" until he was forced from the mayor's office amid scandal.

When you understand that Ronald Giller is repping [Clearview.AI](#) in my lawsuit against them and that Giller was very close with Rudy Giuliani you get it.

I cannot believe how good the timing is.
Clearview's opposing attorney is Ron Giller,
who did the vetting of Giuliani for his mayoral
campaign.

He should resign.
